Rather than go home and sleep
I'd stay out all night long.

JAMES P GILMOUR (a)sleep

(a)sleep was printed in 1995 and proved my most popular woodblock print book selling out all ten bound editions in three days.

The prints were editioned to thirty and now the loose prints are available.

There are two full sets available at \$900.00

Single prints are available at \$100.00

This is a great opportunity to get original hand burnished wood block prints to decorate your home or office.

Framing need not be expensive, good frames can be sourced from many chain stores and your local framer can cut an acid free mount to fit, or simply get them to do the whole job.
